Wolff Waters Place
La Quinta, CA

Beautiful, Child-Friendly, Green and 100% Affordable

Community revitalization begins at home. When 215 low-income families moved in to Wolff Waters Place, they found well-designed living space, community services, and high environmental standards. That's our vision of affordable housing, and we're proud to partner with the award-winning Coachella Valley Housing Coalition on this Gold and Silver LEED certified development. At Citi Community Capital, we know that neighborhoods have a transformative impact beyond the local community. Our goal is to finance affordable housing for our clients through responsible lending practices--and we've achieved 77,000 premier units over the past three years.

Talk to us about your neighborhood. Go to www.citicommunitycapital.com or email askciticommunitycapital@citi.com
